

Welcome to participate in the major international telemedicine and eHealth event in 2025!

Our Finnish Society of Telemedicine and eHealth celebrates its 30th anniversary this year 2025. The 2025 conference will cover themes from updating the knowledge about international and Nordic eHealth trends and solutions. The program is aimed at healthcare and other professionals and service providers. The conference offers a unique meeting place and new information to physicians, nursing staff and as well as responsible persons for management, planning and education. Top quality international keynote presentations are accompanied by up-to-date scientific abstracts. We work with close cooperation with the Ministry of Social Affairs and Health, Finland. The conference is endorsed by the Nordic Council of Ministers and the International Society for Telemedicine and eHealth. (ISfTeH). The conference will be held as a boat cruise Helsinki-Stockholm-Helsinki. This year the timing and ship are as follows: Wed-Fri 17.9 - 19.2025 at Ms Gabriella as Viking Line.

<u>Conference topics (Track in English):</u>	<u>Conference topics (Track in Finnish):</u>
